

**CANADA JCI SENATE
LE SENATE JCI DU CANADA
SPRING
NEWSLETTER 2022**

PRESIDENT - SENATOR MATT HUTCHEON, 60917
president@canadajci-senate.com

While the world continues to learn to adapt and react to the pandemic as it evolves over time, and as we all watch the terrible situation in Ukraine, the importance and power of JCI and its members continues to be reinforced.

Included in this edition of the newsletter is an incredible report and information from our Ambassador to the ASE (Europe), Senator Shirley Mosher about the various efforts undertaken to provide support to Ukrainian refugees. This includes information on how JCI Russia has been providing support to Ukrainian refugees, and information on how we as Canadian Senators can provide some financial assistance to the efforts of JCI Ukraine. Truly, a demonstration of how the brotherhood of man transcends the sovereignty of nations.

And here at home, the JCI National Convention and Canada JCI Senate Annual Meeting are being held Sept. 15 - 18th in Kimberley, BC. The past number of years has seen a focus on how to better integrate and connect the Senate with the current members of JCI Canada, and the way both organizations are approaching this event is intended to maximize that opportunity. More details will come over the coming months, but Senators and current members will participate in mostly the same activities, meals, events, etc. over the course of the convention. It will be a great next step in our work to connect the Senate and current members, and build on and extend the foundational work already begun with the Regional Ambassador Program.

I can't wait to have the JCI Canada National Convention and Senate Annual Crew Meeting be the opportunity for face-to-face connection once again - a chance to rekindle old friendships, and launch many new ones. The pandemic has shone light on the importance of these chances to connect, to leverage our JCI fellowship, and I am hopeful many of you will join me at this event.

Until then, please keep safe. I wish health and happiness for you and your loved ones.

Yours in JCI Senate spirit,

SENATE LAISON AND IMMEDIATE PAST PRESIDENT JCI CANADA - YVETTE YENDI-ASHIRI, 79700
yashiri@jcicanada.com

First in person LOTS since 2020: Chapter presidents and executive board members in the West coast met for the annual training, an occasion to learn more about the 2022 plan of action, connect and grow.

JCI Canada thriving to be a more inclusive and bilingual organization organized a bilingual training in collaboration with JCI Haiti on Engage, Empower, Grow, with over 80 participants who attended the virtual training facilitated by Bethanie Miller (JCI Missisipi) and Wajih Hassine (JCI Tunisia).

Our local leaders also had the opportunity to participate to a financial management course organized by the America development Council in 4 languages.

SPOT LIGHT ON SENATOR GERRY FEE, 25580

I joined Jaycees in the Fall of 1972. We moved to Kelowna in March 1972 and since I was a Technical Sales Representative for a Roof and Floor Truss manufacturer, I joined the Southern Interior Construction Association. I met Craig Baker through SICA and asked him what else he did to be involved in the community and he introduced me to Jaycees. I became very involved in the Kelowna unit, served as chairmen for several projects, became a Jaycee Director in 1973, Unit President in 1974. I was awarded the Pacific Region SPOKE (outstanding new Jaycee) award in 1973, awarded the Pacific Region Spark Plug (outstanding Jaycee) award in 1974; and was awarded a JCI Senatorship in 1979.

Jaycees provided me the opportunity to get further involved in the life of Kelowna. In the 1970's, the Jaycees had a permanent seat on the Kelowna Chamber of Commerce Board of Directors. As Past President in 1975, I sat as the Jaycee rep to the Chamber. I enjoyed my time on the board so much I got elected to the Chamber Board in 1976 and sat as Director until 1980, when I was elected as Chamber President. Through the Jaycees training and individual development, I also served as Chairman of the Board of SICA in 1979. As SICA chairman I lead an industry trip to Hawaii in 1979 and as Chamber President traveled to Japan with the Kelowna Mayor in 1980, to develop a sister city with Kasugai. Having the training, experience and exposure afforded to me through Jaycees and the Chamber, I was elected Alderman in the City of Kelowna in 1982 and served one term.

Being new to Kelowna, through involvement in the Kelowna Jaycees, my wife and I instantly had a new circle of friends. By attending and serving on the hosting committees for Regional and National conventions and international brotherhood conferences with Washington State, through visitations to other Interior Jaycee units, we made friends with fellow Jaycees all over the Pacific Region. Friendships are the greatest treasure that we have by being involved in Jaycees and Jaycettes. To this day, most of our close friends we met through our time in Jaycees. I remained a member of the Kelowna Unit until I was 39 years old when I was awarded a lifetime membership. I was able to continue to use the Jaycee training and experience in my role as a Plant Manager, Deployment Analyst, Sales Agent and Business owner until I retired in 2014.

It saddens me that so many units have failed to continue in BC and across Canada. Kelowna is fortunate that JCI Kelowna is still active. The organization is such a blessing for any young man or young woman to develop skills, experience and friendships that will last a lifetime.

SENATOR KAREN MACCANNELL, 49497
US AMBASSADOR TO THE CANADA JCI SENATE
CanadaAmbassador@usjcisenate.org

I hope this finds everyone well and that life for you is getting back to a somewhat normal routine. I am unsure if it will ever get back to what we thought was normal, but I am enjoying the freedom to travel and be around people.

We are excited that many Canadian Senators will be joining us in Louisville Kentucky as we celebrate Friendships Full Circle. Please see the link for the registration form.

<https://www.usjcisenate.org/registration-forms/2021-2022-national-yearend-meeting-louisville/viewdocument/2473>

There is a huge group at our host hotel so they only have the block rate available starting Sunday, June 26th. June 26th dinner will be the US JCI Senate 50th Anniversary Celebration. Will be a great week of Celebrating 50 years of this wonderful organization and recognizing everyone for their hard work in the year of Friendships Full Circle.

With a few years of no travel, there is a lot of excitement for the Canada NATCON, and I hope to bring a large delegation with me to British Columbia. I am a TikTok fan and have been following 'Gary the Cat', who is a Canadian kitty whose owner takes him on many outdoor adventures. He has visited the Kimberley Alpine Resort many times, and I have enjoyed the amazing scenery. I hope to bring a fun group with me to your NATCON.

If you are attending our US JCI Senate National Meeting, please let me know, and I will arrange a dinner out for all of us. If there is anything I can do for you, please let me know. Thank you,

.....

**CANADIAN SENATE AMBASSADOR TO THE ASSOCIATION OF THE SENATORS OF
EUROPE (ASE)**

SHIRLEY MOSHER, 36779

shirley.mosher@ns.sympatico.ca

With travel becoming more realistic I am looking forward to attending the rescheduled British Drumming Out in late April. Janice Hadfield the outgoing President has done an amazing job of providing entertaining Friday evenings for members of the British Senate and Senators around the world during her two years. I look forward to thanking her in person in April. The new President Jonathan Nicholson has continued the Zoom meetings. I have also attended ASE Digital Chat events hosted by the current president Aud Fredriksen. Our last three meetings were very emotional and brought special meaning to two important lines in our Jaycee Creed: **That the brotherhood of man transcends the sovereignty of Nations And that service to humanity is the best work of life.** FEBRUARY 25, two days after the Russians began their invasion of Ukraine our meeting was attended by four Ukrainian Senators and a Russian Senator who has been helping to rebuild JCI in Ukraine. They were passionate about the situation at that time and hoping that the members of ASE and JCI Europe could provide support. MARCH 8, a Ukrainian Senator attended and expressed deep appreciation for the support that had been implemented quickly. Attached (Ukraine) is an overview of what had been accomplished in the two weeks. An incredible effort by JCI Europe and ASE. We have all watched millions of Ukraine's leave their country.

ASE, JCI Ukraine, and JCI Nom's bordering Ukraine have partnered to be the link between families leaving Ukraine and those in their network who wish to welcome them and allow them to find a semblance of normal life while waiting to return to their country. They are collecting information on those willing to help, matching offers with demand and ensuring the match works well for both parties. JCI Ukraine continues to find ways to help Ukraine's through this difficult time. Attached are three documents (Letter, letter, refugees) that they have shared. It shows their continued commitment to the tenants of the Jaycee Creed. MARCH 23, we were reminded that JCI and Senators should continue to spread our universal message of peace. During this time it is important to support JCI Russia. The National President of JCI Russia Olga Khaustova was a guest on our call. Olga reminded us of the deep connection between the people of Russia and Ukraine – half of the JCI members in Russia have family in the Ukraine. JCI Russia has been providing support to Ukrainian refugees who have chosen to go to Russia and they are continuing to carry out many of their planned activities.

I do hope that you take the time to review the material I have included. Only then will you have an appreciation for the strength today of the organization that meant and still means so much to each of us. Let us all hope that peace arrives soon to Ukraine. **Please see attached PDF files (4).**

CANADIAN AMBASSADOR TO THE US JCI SENATE

It has been a long two years waiting to touch my foot across the Border. For the past couple years my only mode of travel has been to travel though others eyes on Facebook. So my eagerness took over when the Border opened for land crossing.

I attended in February Mini National In Pigeon Forge TN 1,065 km, 10.5 hrs. Unfortunately I was too eager as I had chosen to ignore health issues which got worst on arrival so spent most of my stay in hotel room. I owe a thank you to many but a very special thank you to Phyllis and Eldon Bowers, Ambassador Karen MacCannell and the Tennessee Senate.

There are many USA State and Regional year end meetings happening at this time so if you plan or want to travel Please contact me or Ambassador Karen to assist you. My next scheduled trip will be to USA National in Louisville KY starting with USA Senate 50th Anniversary celebration June 26 followed by Convention Jun 27-July 1.
 Hope to see you

Tom died on the 20th of November 2019 at the Palliative Care Center.

WILLIAM (BILL) ENEFER, SENATOR 8136 - JANUARY 2022

On Saturday afternoon on January 29, 2022, William passed away at Meadowood Manor, while in the care of the many dedicated staff who provided medical care and concern for his well being. William was born on June 2, 1935. He was predeceased by his loving wife Carole; and both his parents and Carole's parents.

He graduated from Daniel McIntrye Collegiate and proudly attended many of their reunions. His career path was with Shell Oil in their Credit Department. He was being transferred to Vancouver but he chose to stay in Winnipeg. Eventually he was with Creditel in both sales and

consultation with members. He was very active with the Credit Association high honours in both education and association activity and was awarded their highest award. In 1984 he began his own Credit Consulting Business with many customers representing them in many ways.

When his parents acquired their new house in Transcona he became active with the Transcona Jaycees. Starting in the early 1960's the Unit won many awards provincially, nationally and at the world level. He served as Unit President — Manitoba President and received Jaycees highest award becoming JCI Senator 8136 in 1967. He continued being of service in many ways and was elected President of the Canadian JCI Senate in 2006. On 5 occasions Manitoba Hosted the Canada JCI Senate Annual Meeting of the Crew.

In 1975 he married Carole and they both became very active in the Jaycees and travelling to many meetings within Canada visiting many provinces as well as many events in the United States and a number of World Congresses. Once in a while they would take a cruise as they loved to travel. If you knew Bill for his Jaycee activities, you would be aware of his love for Radio 97.5 — thanks to his love for music he was constantly encouraging others to support the station. William had many friends, and many are with CBMC Christian Businessmen Committee. Again, he was very well known and was a supporter. When he could no longer drive a car, the dedicated members were there to pick him up for meetings and events and for church. When Carole passed away in November of 2017, he moved to Sturgeon Creek II. During his 6 years there, he was very active in participating and frequently dancing with his dance partner Vera. He enjoyed many tours and much entertainment with his many friends.

He also joined ANAVETS Assiniboia Unit 283, enjoying the music and dancing at many dance nights and special events with Shirley and Ken with friend Vera. Bill was not known for his sports, but he did spend some time with a 10-pin bowling league. Thanks to the Manitoba Senate having an annual golf day, it developed that he did a weekly golf match with fellow Senators Glynn Davies, John Deacon and Gord Kraushar.

Thanks to the pandemic, golfing was limited, so I got him out to play Miniature Golf which he greatly enjoyed. As stated, before, his love for music was a major part of his life. He enjoyed musical movies and has numerous records and cassettes that number in the hundreds. Bill was also Godfather to Ken Cade II — a responsibility he took seriously. Many of us are going to miss William but he will be remembered by many more.

Ken is mourned by his partner of 33 years, Isabelle Vouvé, his brother and sister-in-law, Ron and Tan McAra, his nephews James and Gregor, his great-niece Kaitlyn and great-nephew Brendan, extended family and friends, young and old.

**PAST PRESIDENT AND CANADIAN AMBASSADOR TO THE ASSOCIATION OF JCI
SENATORS OF THE AMERICAS AND THE CARIBBEAN (ASAC)
SENATOR ROB CRONKWRIGHT, 54515
ppresident@canadajcisenate.com**

I am pleased to announce that the updating / revamping / tweaking of the Canada JCI Senate TOR / Policy Manual is almost complete. Senator Blair and I have been working on this for some time now, and it's going to be so nice to finally put this puppy to bed. The bulk of the updating has been mostly grammar and spelling corrections. But, our intent was also to bring it up to date to reflect a younger, more active Senate demographic. Special thanks go out to Senator Leslie Kell and Senator Mike Matejka for their input and insight. All comments and suggestions are greatly appreciated, and will be incorporated into the working document, where ever possible. It is our hope and desire to have this updating all completed and sent out to the membership soon, so that it can be put on the agenda for ratification at the 2022 Canada JCI Senate AGM in Kimberly.

It was with regret, albeit, not a surprise, that I received the note below, in the Greater Toronto JCI Senate & Alumni quarterly newsletter; **“THE GREATER TORONTO JCI SENATE & ALUMNI NEWSLETTER DECEMBER 2021** Moved Rick Walker, seconded John Angevine, “That the Greater Toronto JCI Senate & Alumni, as a formal entity, be disbanded in favour of a more informal gathering of former Jaycees for fun and frivolity.” This motion encouraged much discussion. The entire Jaycee movement world wide is shrinking. Toronto has no Jaycee chapter to elect Senators. Most of the chapters in the areas surrounding Toronto have vanished. The more formal events we were used to seem to be of little interest to members given the competition from the world around us. Motion was carried unanimously.” The current membership of the Toronto Senate plan to continue, as more of a social group. And hope to continue their bigger, more popular events. Such as their Annual Golf Tournament, and their Annual Gourmet Dinner.

The Durham Region Senate continues to operate, and have returned to their in-person quarterly Dinner Meetings. They are also back to running their various other social events, such as their Annual Golf and BBQ, and their Annual Dinner and Little Theater. They too are seeing a decline in their membership, but have recently picked up two new Senate memberships.

A.S.A.C., the ASSOCIATION OF JCI SENATORS OF THE AMERICAS AND THE CARIBBEAN is working hard as things continue to open up. Under the direction of ASAC President Senator Joy Brathwaite, they continue with their quarterly virtual zoom meetings and monthly executive zoom meetings. They have already passed many bi-law and policy changes, including changing their fiscal year to match that of JCI International, to line up with the

calendar year. This change also impacts their Annual Year-End AGM. In past it was always held in conjunction with the Area C conference, which this year is being held in May, in Curacao. And will now be held in conjunction with the Annual ASAC JCI Senators Encounter, which this year is being held in the third week of August, in Trinidad and Tobago. Please see the **ASAC News - 6 - March 2022 PDF attached.**

Please everyone, continue to offer updates and suggestions for the revamping of our Terms of Reference / Policy Manual. And keep an eye out for the complete proposed document changes in the months to come.
